Crew tips are optional. Our crew members are volunteers so they appreciate any tips. A typical amount is \$25 per person or \$150 total for six crew members.

\*We will fly with our bikes in disposable cardboard boxes to Puerto Maldonado. During the tour we will not be transporting hardshell bike cases or Bike Caddy boxes. If you need a bike box to take your bike home, we can help you reserve a box in Lima from a local bike shop near the hotel.

\*The airline weight limit is 45 pounds per person. A 35 pound gear bag and 30 pound bike box is 65 pounds. The extra airline fee is about \$2.00 per pound (\$5.00 per kilo). We will check in as a group and average the luggage weights with our non-cycling crew members. The extra weight fee could be \$25-\$40 per rider. Sometimes we do not need to pay anything extra. We will know for sure when we check in depending on the airline luggage policy for that flight.
